

YOUTHBUILD BOSTON

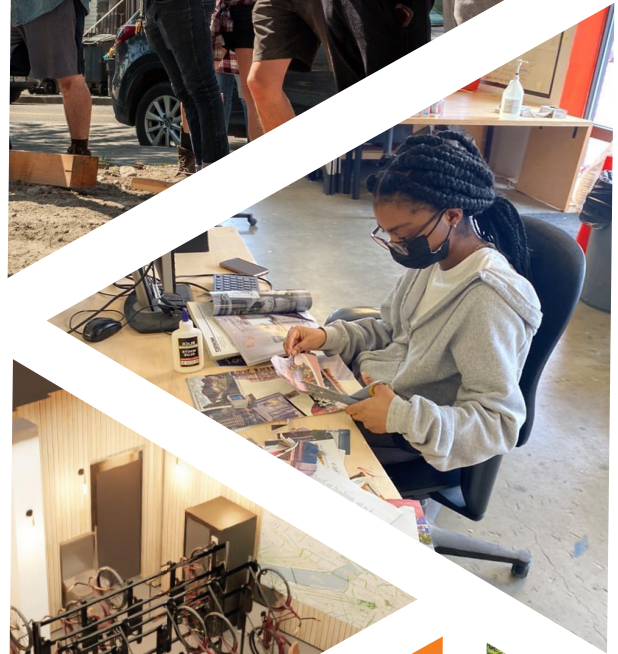

Designery Program

In-school, After-School, and Summer Design and Architecture Program for Highschool Students

All Participants Receive:

- Hybrid in-person and virtual sessions in sketching, model-making, design-thinking, and other industry-specific skills
- Lifeskills, job readiness, and professional development opportunities that provide exposure and help prepare students for a successful career in the design industry
- Service leadership opportunities through real, hands-on community improvement projects
- Weekly stipend dispersed every two weeks

Outstanding and mature graduates receive opportunities for paid internships with professional design firms in the Boston area. Past partners include Fennick McCredie Architecture, Silverman Trykowski Associates, Reflex Lighting, and Haycon

Strengthening
Neighborhoods.

Empowering
Youth.

Impacting
The Industry.
